Rome 20th.

Papers publish Encyclical in which the Pope, after reference to the trials of the Church latterly, insists on unrestricted liberty being necessary for the exercise of his sacred office. The Bishops, clergy and faithful are urged to exertion to this end.

New York 21.

Terrible fire in the little manufacturing town of Haverhell (Massachusetts). Most of the boat factories destroyed, and a great number without work. Loss two millions dollars.

London 21st

House of Lords passed motion of a Liberal peer for a general investigation by Parliament of the State of Ireland and the result there of the policy of the central Government. The Cabinet at once declared it would have nothing to do with such an investigation, which would be illegal unless sanctioned by both Houses. Meanwhile things are very serious in Ireland, and arrests continue.

LATEST NEWS.
PRESS TELEGRAMS

The following epitome of the latest news by telegraph, from all quarters, is taken from our colleagues—

Montevideo 18th.

Government has decided to stump up 12,000 pats for Exhibition purposes. One thousand has been sent to Committee in Buenos Aires and another 5000 will go on Wednesday.

Several men arrested on suspicion for poor young Betaucourt's murder.

The *Liga Industrial* has died a natural death.

Montevideo 20th.

Rain knocked Corso on the caput yesterday.

Murderers of Betancourt will be shot at once if found guilty. One is a Neapolitan. Carvajal was once an officer of the line. The ages of the several assassins vary from 28 to 50. They are a villainous looking crew.

The Galicia has arrived off Flores Island.

Rio 20th.

Telegrams from Rome refer at length to a Lenten Encyclical in which the Pope is expected to express his views in reference to the German Question and the future attitude of the Church. The basis of these is expected to be that if the state will but cease to meddle in what concerns the Church alone all ecclesiastical questions would at once disappear.

Montevideo 21st

No mails on shore yet (2 p.m.) from the Galicia. Sea very heavy yesterday. Two engines at work keeping water down in Maua Dock and another mishap to the Consuelo is feared. Giant waves rolled in on the South shore, but the only damage was the smashing of five or six bathing boxes.

Calles 25 de Mayo and Zavala were beautifully illuminated last night, No rows in Corso,

The Neapolitans refuse to say where they have hidden Platero's money. Carvajal is said to have made revelations compromising some retired officers, saying they are conspiring against Santos. They all deny it. The crime was in preparation for two months past. Valpe and Patrone owed Carvajal 200 pats and seduced him into the affair by promises of large booty. Carvajal made the acquaintance of Betancourt and took stock of the premises: he gave him the first blow and the Neapolitans finished the deed. All expect that the criminals will be shot.

Montevideo 22d.

Galicia's dates to February 1st.

Trescott telegraphs from Chile to Washington that the former country's conditions to Peru are:—Absolute cession of Tarapaca, indemnity of 20 millions pats payable in 16 years, Arica to be retained as security, Chile to keep it and Lobos Island if debt not paid.

Conspiracy against the King of Greece.

Guiteau's appeal will not be heard till April.

King of Birmah has 'delirium tremens', and the Europeans are all shaking in their shoes lest he order a general massacre of them.

Austrians driven out of several places in Dalmatia, and Republican flag hoisted.

Insurrection on grand scale in Arabia.

Uruguay 22d.

Tip-top Carnival. Egg throwing was prohibited. Nobody killed. All serene.

CARNIVAL

Nothing reflects the Plate so truly as Carnival. King Carnival has grown with the country. Who can forget the old days, the jolly days, when the egg, the newspaper and the can constituted a triolty of these three mad days? Then the eggshells were picked up carefully all the year round, filled with ditch-water and plastered at both ends; the newspapers were carefully filed, awaiting the time when, filled with water, they were pitched at the head of some luckless gringo. To-day the water-squirt, that greatest of nuisances, the 'pomo,' rules the day, but his reign will be short-lived.

How times have changed. In those old, palmy days there was no high life; everybody was a 'bourgeois;' the Porteño swell had a touch of the gaucho, swaggered about the streets and wore 'alpargatas' at home: the girls wore 'batons,' went to balls in muslins, talked with the neighbor on the other side of the street, and used no powder.

In those days we were all 'compadres' and comadres:' the 'mate' cup passed round every evening, and etiquette was at a discount amongst friends, who were, so to say, so many relatives. Our houses were ranchos. Our dining rooms were vine-yards, and our parlors were on the windows-sills on the street. Those days were the Arcadia of our history: it was the superstitious stage of Porteños

But then came the Italians, with ideas from Genoa, Naples and Rome, but with no money in their pockets. Contact with these Ausonians made Porteños mataphysical, and they began to feel gawkish in their poncho: they felt that their boots were getting too small for them. The egg, the newspaper, the 'alpargatas,' the mate cup 'cane con cuero,' the muslin dresses and all Argentine originality were thrown overboard—then came a metamorphosis, to astonish a Brahmin. Patent leather boots, chimney-pot hats, Russian afternoon teas, French arts, carriages, silks, and that utter too-too style came in with the 'pomos.'

Yes! the 'pomo' made the people metaphysical: high life stalked in and democracy sighed farewell. Economy was pitched to the dogs; land rose in value, animals multiplied and luxury came to the front. This is only a history of two lustres for we all remember how the good old simple times of the Mitre administration were demolished by the unsparing reform from the North, when to our astonishment arcades rose at every street corner and the city was turned into a bouquet of flowers, and the people into Broadway and Rotten-row swells. But the metaphysical period is on the wane: Lord Mayor Alvear is inaugurating the positive era.

The 'pomo' is to be abolished, and in future Porteños will boast the regal—Roman cestos and carnivale. Needless to say that the old gaucho smiles at these changes; he sees the departure of the gods, the foreigners rising and the 'botas de potro' fast disappearing; his ideal is perishing; the 'mancaron' is tired. In another decade he will be a legendary myth, like his old enemy the Indian; thus time rushes on, old customs vanish and new ones appear. High life to-day is only a faint shadow of that to come, when the Italian chacras stretch to Mercedes, and the Italian colonies to the Nahuel Huapi. There need be no augurs, no crows and no victims to foresee the future development of Argentine society; Carnival reflects the advance, and is a good barometer of our social standing. In another ten years, we will all have forgotten the bucket and the 'pomo,' but Heaven help us, we will have the Mabille and Belgravia.

LONDON LETTER.
(From our Own Correspondent)

GENERAL NEWS.

January 26th.

It is unfair, it is even indiscreet, but stern duty demands that topical letters should begin with the topics of the day. Only last Monday if one meet one's nephew in the street, and commenced to congratulate him on his sermon the day before, he stops you with a mild pianissimo—'Did you see Harcourt's speech?' If you went to the city to visit a banker or mercantile friend, no business was discussed, but only the report of Sir William Harcourt's speech in the *Times* of that day. Ladies, clergymen, heads of families and of public companies were sending over, all day long, with 'their compliments, and would we lend them *our* copy of the *Times*?' I am sorry to have to allude to one of those facts of rare occurrence in the London press, and for the like of which we have to go back to the era of the present Queen's marriage, when in an article headed 'Buckingham Palace,' a most unfortunate typographical errror appeared in the *Morning Advertiser*. But nothing has ever appeared so scandalous as the deliberate interpolation of an indecent sentence which some malicious compositor placed in the report of Sir William Harcourt's speech at Burton, in the *Times* of the 23d inst. When the error, or rather the gross interpolation was discovered, the people at the *Times* office sent round to collect and purchase at any price all the early editions of the paper. In the expurgated editions which will reach Buenos Aires you will see in the report of Sir William Harcourt's speech the effects of a certain mangling of the stereotype in the third or fourth column, causing a rough hiatus after these words, 'why, if a tenant farmer is elected for the North Riding of Yorkshire, the farmer will be a political power who will have to be reckoned with.' (Hiatus.) 'I think that is very likely (laughter) but I think it is rather an extraordinary thing that the Tory party have not found out that before.'

I am bound to chronicle this absurdity as a matter of history, and can only devoutly hope that no officious friends will complete my necessarily imperfect account.

The Stock Exchange has been all the week in an excited and uncertain mood. People have not made up their minds whether this market ought or not to be seriously affected by the collapse of the speculative mania in France. On one day all foreign stocks, Argentines included, fell rapidly, and even home railway stocks were carried down. Since then the latter have risen to higher rates than before, and are at this moment firm. Foreign Securities have also recovered, with the exception of Egyptians, evidently influenced by political causes. It speaks well for the healthiness of this market that, so far at least nothing serious has occurred. The Bank has not raised its rate, and if outside there has been a little more stiffness than usual, there is plenty of money about, and there is no difficulty in raising funds even on speculative account at 6 per cent. on tolerably fair security.

Great hopes have been placed on the means of alleviating the effects of the crisis in Paris and Lyons adopted by the French Government, the Bank of France, Messrs. Rothschild and a syndicate of bankers, who will assist the 'Agents de Change' and certain of the larger speculators: perhaps, amongst others, M. Bonteaux of the Union Générale. If he were to fall, the crisis would soon change into a crash; but, from present accounts, he and his company seem firm, and are reported to have in contemplation the formation of an immense international newspaper, of the size and on the model of the *Times*, printed in three languages, French, German and English and to have Cardinals for correspondents, and all the leaders of the *haute finance* for 'city editors' and the cream of the orthodox philosophers and *litterateurs* of Europe for the general 'padding' of the paper. That would never pay. For instance what would a Cardinal make of the *Times* of the 23rd of January? How could a philosopher write as the *Morning Post* does? accusing Sir William Harcourt of talking such nonsense that even the printer's devils get confused. Every little newspaper in London and the provinces manages to get into a leading article the words 'to be reckoned with.' That is as near as they like to go to the bad business which appeared in the *Times*—and it pays. If the Union Générale can convert and reform us so much the better; but these dignitaries of Church and State in France or Germany are playing with fire. The magnificent international idea of journalism is, no doubt, a 'canard,' still it shows the socialistic tendencies of the day, and the desire in high quarters to forestall the movement from below.

Prince Bismarck has not been seen in the German Reichstag since his extraordinary speech on the 24th inst. His place has been taken by Herr von Puttkammer, who in speaking of the Rescript frightened people out of their wits by saying—'Clouds had arisen in the political sky which perhaps many had not yet noticed. Before long many would see what the Prussian Monarchy really meant. If a great European crisis burst upon them, then they would acknowledge that Prussia was a centre of freedom and order'

Apart from the possibility that Herr Puttkammer's 'clouds' are dramatic properties of the German State Theatre, and intended, when threats of resignation no longer serve to frighten Liberals and progressists into submission, there is some reason to fear a re-commencement of the Eastern Question, Russia has made arrangements with the Porte for the payment of her own indemnity; she has settled her

frontiers for the present in Central Asia, she has concluded her negotiations with China, and semi-officially she has just announced that she is ready to attend to European questions or to questions nearer home. The position of Germany and Central Europe, economically burdened by millions of armed men and losing yearly an enormous number of people literatily driven by circumstances to emigrate to America, is becoming intolerable. France, the 'terrima causa,' is not yet reorganised, and is a perpetual temptation to her poorer but well-drilled neighbours.

The position of affairs in Egypt is as the fuse of a shell which could be lit at any moment by the Porte sending a fleet to Alexandria were she prompted to do so by any European Power; and, to crown all, Herzegovina, the traditional cradle of recent European wars, is in full insurrection. The Austrians have evidently been worsted in some skirmish and are sending heavy reinforcements. Meanwhile the position of the insurgent army is said to be unassailable. The press in Vienna is already gagged, which, resembling the putting out of lights on the coast on the eve of a naval war, looks like business. All this may blow over, but it is just as well to look for the 'clouds' which Herr von Puttkammer tells us are rising. Some of them may be like whales and others like split-eagles on the dome of St. Sophia. The latter vision was harboured by the late Lord Beaconsfield, and he inherited the idea from Louis Napoleon. Mr. Gladstone's Graco-Armenian craze and his antipathy to Roman Catholics as well as to unspeakable Turks, were opposed to the notion. Certain other European statesmen, wiser in their way, reserve religious prejudices for domestic use, to prop up Monarchical sentiments, or to grace with the title of 'Chrtstian' a Government scheme of insurance for working men, or look upon religion in Italy or Constantinople as a rook or a pawn.

M. Gambetta, like Lord Beaconsfield, is a Jew. What his ideas are on foreign politics, beyond some vague and half-suppressed mutterings of 'revanche,' no one has been able to divine. We are anxiously waiting for tosmorrow's news from Paris, to know if he continues at the helm.

Of Guiteau and the verdict of 'guilty,' and a few other matters, you will see all about them in the papers. I write to-morrow by the Maskelyne.

EDITOR'S TABLE

The Carnival tomfoolery is over, and we are rid of Momus, Comus & Co. for another twelve months. The thing was not so dull as the paucity of preparations on Saturday led people generally to expect. Jupiter Pluvius spoiled the fun on Sunday night, but on Monday and Tuesday it was fast enough and sometimes furious. The abominable 'carros de mudanza' were in greater force than ever in the 'Corso,' and were supplemented by an unusual number of still more seedy 'carros de panaderia,' and one or two vehicles, driven by sea-green 'individuos,' looked alarmingly like meat carts in Carnival attire; there was a large proportion of shay and shandradan looking vehicles; but the proportion of nice equipages was large enough to redeem the procession, and the whole thing passed of pleasantly enough. As usual, the Italian 'comparsas' eclipsed the others. The ladies 'comparsas' were all so muffled up that their charms were invisible. The addition of the Calle Rivadavia made the route of the Corso too long, and produced most unsightly gaps in the cortege. The masquerade balls at the theatres were all well attended each night, and the number of rows and cracked heads or stabbed ribs was not more than the average.

The Royal Mail Steamer Trent has brought London dates to 27th ult and several old friends and subscribers—Mrs and Miss F Mallet, Mr W MacKern, Dr MacKern, Mr and Mrs Barnett and others—all of whom we warmly welcome back to the River Plate. The mails bring the welcome news of Guiteau's conviction and sentence to death. All the United States papers declare that his appeal will be quashed and that he is certain to be hanged. Judge Cox made such a splendid charge to the Jury that he has half atoned for his conduct during the trial. Gambetta's speech before the adverse vote that hurled him from power is described as the most magnificent oratorical effort heard for many a year in any Continental parliament. All London was talking of a most scandalous trick played on the *Times* by one of its own printers. Our London correspondent refers to this delicate business in another column.

We return our very best thanks to Messrs. James McCorry and Co. of Belfast, for a neat pamphlet entitled 'Instructions for the culture and preparation of Flax in Ireland,' and published by the Flax Supply Association, Belfast, Mr. Michael Andrews Secretary. Messrs. McCorry send us this most useful pamphlet in response to a paragraph that appeared in the *Standard* on December 4th. last, which shows how very far at times a little paragraph will throw its beams. The first little space we have shall be devoted to this most interesting matter.

The London papers very properly call attention to the scandal caused by a clergyman of the Church of England and an M.A. of Oxford, being now a sweeper of one of the street crossings in London. Some of our London colleagues' articles on this truly sad subject are well worthy of close and attentive persual.

The police arrangements during Carnival were worthy of London. We compliment Mr. Paz, our excellent Chief of Police, on the perfection of his force.

The Royal Mail steamer Minho sailed on Monday for England. We much regret to announce that she took two old friends most seriously ill—Mr Crabtree, manager of the Northern Railway, and the Revd. John Leahy, the esteemed Irish clergyman. We trust that their native air will soon restore both invalids.

The home team won the cricket match at Palermo by 61 runs; last year they won by 71 runs. Better luck next time Montevideo. We have been kindly favored with the score, but want of space forces us to hold it for to-morrow.

'Although we says it as shouldn't' (as some old lady—we forget her name—has remarked) we are as good a judge of tobacco in any form (barring the Brazilian 'negro') as any other man in or out of town, and we hereby affirm and declare that Messrs F Boix & Co's cigarettes called 'El Gaucho Martin Fierro,' of pure mild Havannah tobacco, are the best we have smoked since gold was at 32 on the Bolsa board. These cigarettes should have a trial from all those who know the difference between the two Hs (Havannah and Hamburg) when smoking is in question. Piedad 286 is Messrs Boix's address.

The surveys of the Southern Railway extension from Ayacucho to Tandil are going ahead with the celerity always displayed by the engineers of this line. Mr Ware C.E. has gone to Bahia Blance to push the surveys ahead in that quarter.

Our musical reporter, who is always on the 'qui vive' whenever there is to be any good music, informs us that he has had private information to the effect that the new opera which is to be produced at the Politeama to-night is exceedingly good, and the fact of the Empresa having reduced the entrance fees and seats is sure to attract a large audience, especially now that no other theatre is open.

Turfites must not forget the races at Lanus next Sunday. Me Olvidé and Condor will try half a round for $40,000 m/c.

The new market in Calle Rivadavia will be inaugurated on Sunday next. As it is Lent, there will be nothing but Moore & Tudor's famous shrimps and a thimbleful of champagne for lunch.

The Gun Club calls for tenders for 12,000 pigeons for the coming season. Poor innocents!

So, many people expected. The Exhibition 'rained in' on Sunday and played antiquated Henry with the paint and decorations in several sections, especially the Banda Oriental. Here's a nice business. We hope the Committee will see to it at once, or those who have perishable valuables to exhibit will get frightened and keep them at home.

The old tune—overdoing it. A company is being formed to build a new theatre in Plaza Montserrat. It is our profound conviction that half the theatres in this blessed city must eventually come under the hammer of one of the three Bs—Billinghurst, Bulrich and Baltar. There are too many theatres already: but fools and their money soon part.

The statistical office issued its *Boletin* for 1881 yesterday. It is very interesting, and we will refer to it again.

The Government Monte de Piedad was open on Monday and Tuesday. Many poor duffers are probably wishing most heartily this morning that it had not been open, as it did a roaring business in watches, chains, rings and every sputable article, the proceeds of which certainly did not go to any charity sermon.

The last rose of summer will soon be the flower of the day. On the 1st March the autumn time-table of the Western Railway comes into force. First train from Parque at 6 instead of 5 a.m.

We regret to announce the death of Mr Robert James McNally who but a few months ago arrived here from the United States in the most delicate health. The funeral took place yesterday and was largely attended, the brother of deceased having a very wide circle of friends in this country.

Dr Luis Dominguez, Argentine Minister at Rio, will come to Buenos Aires for a few days before assuming his new post at Rio.

The Maskelyne arrived at Montevideo on Tuesday night. She has several Irish emigrants on board.

The last Progreso Carnival ball was so crowded that there was no room for dancing. Sandwiches were in such demand all through the night that the supply of ham and mustard nearly ran short.

The New York papers to hand teem with the reception there of Mr Oscar Wilde, the Æsthete King in London, a young gentleman of 25 years, who wears his hair down his back, lives on lilies, and all that sort of thing. Mr O W is son of the famous Dublin physician, Oculist to the Queen, a most talented but eccentric man who was called 'Wilde by name, Wild by nature, and Wild in appearance,' all of which he was. The Queen knighted him. Lady Wilde is a famous poetess ('Speranza'). The old doctor (we had the pleasure of knowing him well), could he revisit the glimpses of the moon, would be the loudest in laughing down the aesthetic craze of which his son (a talented poet like his mother) is a leader.

Ferrari is trying to secure Sarah Bernhardt for a theatrical visit to Rio and Buenos Aires.

Governor Celman of Cordoba arrived on Monday. H E is stopping in President Roca's town house in Calle Suipacha, and accompanied the Chief Magistrate to the Opera House on Tuesday evening, to look on at the masquerade ball. Town is full of Governors: There are 6 in the city—Cordoba, Rioja, Patagonia Misiones, Chaco, and Santa Fe; Corrientes, Entre Rios and Catamarca will be here next week.

The smash on the Paris Bourse was something too utterly utter. Those who opposed the coterie of the Landerbank and Union General lost large sums of money. The opposition to the Union Generale—that is Bontoux—proceeded chiefly from Jewish houses, and Bontoux was supported by the clerical party. Stern, Bischoffsheim, Porges, Camondo, &c., lost 80,000,000 francs. The Duke of Larochefoucauld Bisaccia won 20,000,000 francs. At first the Christians had the best of it, now everybody all round has the worst of it.

ON 'CHANGE.

Feb. 22nd

Patacons 25,60
Osdulas A 99⅞
National Bank Shares.. 129

The effects of Carnival were felt on 'Change and the market was exceptionally dull all day long. There were several rumors about the bad news from Europe, and especially from Paris. We remark more demand for gold in the market, and operations at long dates are becoming more important. Little is done for cash, buyers at 25.03 and sellers at 25.05; for end of the month and end of March several operations were effected outside the ring, for the latter date at 25.15. Business in general in the market is at a standstill, owing to the three holidays.

In Cedulas, Series A remains firm at 99⅞ for cash and end of the month. Series E presents the usual features and seems hard to move from its position at 83. Some business was done in Series A for end of March at 99⅝.

The National Bank Share market looked unsteady to-day, owing to the selling of several bulls and the little confidence harbored by many holders. The speculation for end of the month is completely eclipsed by that for the end of March. Rates for end of February opened at 129 rose to 129½ and closed at 129; for end of March the market opened at 125½ rose to 125⅝ and closed at 125⅛; the business of official hours did not amount to much.

The sales at the ring were as follows:—

Gold—
For cash 3,2oo at 25.05
Cedulas—
For cash A 13,2oo 99⅞
For March 31st A 1o,ooo 99⅝
For March 31st E 5,ooo 83
Sales, 28,200.
Nat. Bank Shares—
For Feb. 28th 1,700 shares 129-⅛-129
For March 31st 2,400 shares 125⅛-⅜-⅛
Sales, 4,100.

The Pawn Office did a roaring business during Carnival days. The attendance was simply enormous.

Pomos this year sold for half nothing, and holders moved off as many as they could at cheap prices, owing to the prospects of their abolition next year.

During the Carnival nights the attendance in the fashionable cafés was so great that double the usual number of waiters had to be engaged, and one restaurateur was looking after 'mozos' all Sunday and Monday at double the usual wages.

In exchange there is little doing; rates are nominal.

Discounts continue difficult at 8 o/o paper and 7 o/o gold; discounts in the latter are easier.

By mails from Paris we hear that a Syndicate was named in that market to help the Parisian agents de Change. Rothschild, the French Bank, &c., formed part of the Syndicate in question.

The papers from Europe are full of misgivings as to the settlement of the month of January on the Paris Bourse. People saw pretty clearly what was coming, and the drain of gold from the Bank of England was already being felt.

Mr Robert D. Hunval, manager of the fine estancia of the Puesto Grande de Moujan, in the South, was welcomed on Change. He reports the camps down there very dry and much in want of rain.

Mr J de Martrin Donos left to-day for Montevideo.

The Admiral Commander of the French naval station in the Pacific, Baron Grivel, has arrived in town.

The Maskelyne, Chevalier Hairby, will be here on Friday morning. She brings 1,900 tons of cargo, 20 first c/ass and 40 3rd class passengers; her dates are to the 28th ult. She will leave on the 11th prox.

Some exchange on Antwerp was done to-day at 5,25 and on Hamburg at 4.25.

Montevidean exchange to-day ½ o/o premium.

The arrivals in the Once are few. Good wools continue much in demand and command high prices. 6,000 arrobas arrived during Carnival. Holders ask heavy prices. Some lots of lambs wool were sold at higher rates.

The London wool auction begins on the 28th instant; about 300,000 bales will be offered.

Details of the smash on the Bourse last month have been received in town. Some 30 brokers failed, and differences very large.

At after hours the market ruled very dull. Some small lots of gold were sold at 25.03. Cedulas of Series E were much offered, but buyers will not give 83. In National Bank Shares there was a pause very little business was transacted, but prices rule very firm; the market closes as follows:—

We commend to the notice of those of our subscribers who think of building to inspect the foundations which are now exposed to view of the new building in Calle Reconquista for the Carabassa Bank. The walls are over a metre and ½ wide and solid enough for a Cathedral. Mr Mong is the architect.

The expropriation ordered by the Provincial Government in the ejidos of several camp towns does not progress favorably. The proprietors of the lands in question ask a valuation at the rate of 11,000,000 m/o per league, and in another 9,000,000 m/c; evidently, with such demands, the expropriation will never advance, and the Government is now in the necessity of naming a jury of valuators. We very much wonder what the proprietors in question would do if the Government takes them at their word and makes them pay Contribucion Directa Tax according to their own valuation.

The surveys of the Andine Railway extension between San Luis and Villa Pax have been approved by the Minister of the Interior. The rails will reach San Luis next month.

The following is the latest about the London Money Market received by last mails:—

"No change was made in the Bank rate to-day, and it may therefore be assumed that the directors are satisfied that the gold drain to Paris may be safely borne for the present. Money has been in good general demand in connexion with the Stock Exchange settlement, which will be concluded to-morrow: but as evidence that the pressure is not expected to be very great we may repeat what we said yesterday—namely, that some of the large banks anticipate that considerable sums which were continued from the last settlement at 6 per cent. will be paid off to-morrow. The discount rate has been quoted at 4½ per cent, but efforts have been made to place bills at lower rates, though we cannot hear that they have been successful, except in a few cases. For short loans the usual rate has been 3⅞. The Bank return shows a small increase in the Reserve, and a rise of about 1½ in its proportion to the liabilities. The Note Circulation is about a quarter of a million less, and the Bullion, owing to the return of about £478,000 in coin from the provinces, shows a decrease of only £150,000. A further considerable sum in gold has been withdrawn from the Bank for France, and more is expected to be taken out to-morrow. Remittances in other forms are scarce just now. On 'Change there was a strong demand for short bills on Paris in connexion with the forthcoming liquidation there The Dutch exchange rose almost to the point at which gold leaves that country. The Italian rate moved more in favour of this country, but the Spanish rate was still flatter.

"The return of the Bank of France, as reported by our Paris Correspondent, shows that a very considerable amount has been lent by the Bank on bills and other securities during the past week. The discounts and advances have increased by £4,700,000. On the other hand, the metallic reserve has increased by about £1,100,000, of which £920,000 was in gold and the balance in silver.

"The funds have to-day shown much about the same fluctuations as were witnessed yesterday, and, after being rather higher at one part of the day, they closed as they opened, Consols being quoted at 99⅜, 99⅝ for money and 99⅝, 100 for the account, and New Three per Cents. at 100, 100⅜."

"The rates on the Stock Exchange are as follows:—

Argentine 6 o/o 1868 ..... 96½
Argentine Railway Loan... 90 – 91
Do (Hard Dol.) 1868-67... 84⅛ – 88½
Buenos Aires, 1873 96
Brazilian 5 o/o, 1865..... 101½
Do 1871 ..... 101½
Do 1875 ..... 99½ – 99
Chilian 7 o/o 1868 ..... 103½
Chilian 6 o/o, 1873..... 88½ – 88

"Our Paris Correspondent telegraphs that the Bourse was again to day at a standstill as regards fresh engagements. The brokers are still aborbed in the task of liquidating current engagements. Transactions for cash on the other hand continue animated. The following note is published this evening:—

"We learn that the official brokers met yesterday evening at 9 o'clock, and that they definitely decided upon the measures necessary for the safety of the Paris market. The measures are:—The company will borrow a sufficient sum and place at the disposal of each broker the amount he may need for his settlements at the end of the month. This loan will be guaranteed by the considerable sums which go annually to swell the common coffers, and by the joint credit of the company and personal credit of its members. The special purpose of this measure is to advance to the creditors of the Union Generale the sums the Union Generale will not be in a position to pay exactly at the settlement. In thus acting the company of brokers insures the regular working of the charges of its members, and places in perfect safety the capital deposited with them by their clients for employment in the clearying over of transactions. It is thought that this measure, by reviving confidence, will speadily restore the market to its normal condition."

The mails from Rio bring the following news:—

Exchange—
The Bank rate continued at 20⅝, with occasional drafts for larger amounts at 20 11/16, until the 11th inst., when Banks all came out at 20⅝, at which rate little was done until the 18th, when there appeared a good demand.

The sales of coffee have been on a good scale, but cannot be continued, on account of the inferior assortment remaining after late sales. The stock is much reduced. A large movement at Santos would doubtless have caused our rates to advance only that the Banks there eagerly took up bills at 20⅝ to 21d.

Private paper had been little in demand at 20⅞ and 20 15/16, but on the 13th was passed freely at 20⅞ and the market for the moment is cleared

The movement on France has been limited. The rate for private paper has ranged from 454 to 452 reis per franc. In Bank paper there has been business at 456 to 461 reis.

With reduced stocks of coffee both here and at Santos, and a possible demand for Bank paper maintenance of our rates much depend on the assistance that may be given by the Northern ports, where business in produce is active and higher rates are current.

The Board of Brokers' report of the business from January 16th to 31st was:—

For Breeders and Amateurs

The Famous Stud
OF THE
Establishment
Las Barrancas
Mares and Colts
Splendid Thorough Bred RaceHorse Sires, Durham Bulls and Cows
Rams and Ewes.

In one word Liquidation of the celebrated establishment of
Patrick Reid, Esq.
In charge of JAMES CHURCH
Esq. Stud of
Las Barrancas
On Monday February 27th
at 12 o'clock

We shall sell the stock of above breeding establishment so justly famous for the many victories achieved on the turf by the excellent animals bred there.

Encinceros are well aware of the patience and untiring zeal displayed by Mr Reid in forming this stud farm, as he selected and imported into this country, animals of great merit which have been under the immediate charge of Mr Church. Seldom is there an opportunity of this kind offered, and this is due only to Mr Reid's determination to retire from business.

Zeuche, San Juane, Venus, Toscas, Pichon, etc, have given on our race courses ample proof of their blood by carrying off the highest prizes. With such facts before us, it would be quite superfluous to praise the breed of 'Las Barrancas'.

N.B. There will be a special train and carriages at the station to take out and bring back all parties interested.

Una area de campo compuesta de dos leguas cuadradas de abundantes pastos, y cuyos linderos son los señores Emilio J Perez, Juan P Cauret, Puerto de la canal y J A Lousteau.

Uno de los mejores elogios que podemos hacer de estos campos es que el Gobierno de la Provincia vendio el 7 de Febrero en este mismo partido a razon de 600,000 m|c leguas, y en el de Juarez por mas de un million de pesos legua hace apenas un mes.

El dueño de este campo al ponerlo la base de 170,000 m|c legua, ha tenido en vista atraer el mayor numero de los pequeños capitalistas para que ellos puedan comprar areas menores, relativamente a las que hoy se estan vendiendo y que ellos determinan en el acto del remate cual es el valor de esta fraccion.

Este campo esta perfectamente situado y dista unicamente 14 leguas de Juarez.

8000 Hectareas
O sean 3 leguas cuadradas
Campos sin igual en la seccion XVIII
8 años para el pago sin interes
Base de venta 40$ la hectarea
Campo de Inmenso Porvenir
Situacion Inmejorable
En nuestra casa Alsina 78

De tantos campos que se han ofrecido y se ofrecen todos los dias en venta, pocos pueden ponerse en parangon con este lote y especialmente con los que acaban de venderse en la Seccion 10 a razon de 101 ps. la hectarea, o sean 971,000 ps legua cuadrada.

El campo que ofrecemos en venta esta mensurado y amojonado por el Sr D Angel Silva, y sus pastos son abundantes y riquisimos, componiendose en gran parte de gramilla, trebol, alfilerillo, cebadilla, cola de zorra, etc. garantiendo que no hay medanos en toda la fraccion.

Esta a igual distancia de Buenos Aires que los campos del Venado Tuerto que se venden hoy de 300 a 400,000 ps. legua.

Pocas veces se venden campos en iguales condiciones, y se vende unicamente por ausentarse uno de los socios para Europe, maxime que hay quien lo arriende hoy en 12,000 pesos (doce mil) la legua.

Para demostrar lo infimo de la base que se ha fijado para la venta, queremos recordar algunas ventas, efectuadas en estos ultimos tiempos, algunas de ellas en estos dias.

Al señor Cadmus en la Seccion XVII por 130,000 ps legua, comprada para una compañia belga que esta ya mandando los materiales para alambrar el campo.

Las 19 leguas vendidas por el Dr. D. Marcelino Ugarte al nuevo Banco Ingles a razon de 160,000 ps al contado la legua, y se poblaran a no dudarlo en poco tiempo.

Los campos que acaban de venderse en la seccion 10 y cuyo termino medio da mas de 240,000 ps por legua, campos infinitamente inferiores, y para que no se crea que es charla nuestra los vendedores dan al comprador, por medio de un documento, un plazo de seis meses para que puedan cerciorarse de la verdad de lo que decimos y de que si no son mejores estas tres leguas que cualquier fraccion igual de las 85 leguas de esa seccion 10, se anulara la venta y se devolvera el dinero pagado.

Muchisimos son los pobladores que hay por aquellos parages, cerca de alli la fraccion marcada en el Plano con Pirondo y Escalante esta poblada por dos vascos, a quienes se lo venderon aquellos.

Sabido es que Lincoln es el partido que se ha poblado mas rapidamente, y lo prueban los grandes establecimientos de los señores Duggan, Ostendorp, Samsen, Ricketts, Sanford, Brown, Carabassa, Lopez, Martinez de Hoz y muchos otros vecinos pobladores, no especuladores, y que no venderian sus campos por ningun precio.

La seccion 17 que hace tan poco que fue vendida por el Goiberno de la Provincia, esta llena de nuevas estancias como la de los Sres. Romero, Allan, Wilson, Cabral y otros.

En cuanto a pronta comunicacion con los grandes centros, tenemos varias lineas de ferro-carriles que no son proyectos, sino que estan ya, puede decirse, en via de construccion, y antes de dos años tendremos el ferro-carril Traandino, que pasara cerca de este campo, y el otro que ira a Tranquelauquen.

Pocos son los campos que le quedan para vender al Gobierno de la Provincia, y pueden estar seguros los compradores que todos ellos se venderan en las mismas condiciones de la seccion 10 y del campo vendido el 7 del corriente en el partido Nueve de Julio, cuya base era de $70,000 legua y fue vendido en 945000 pesos legua al Sr Unzue.

Queremos hacer presente tambien que la gran area vendida por el Sr Don Jose G Lezama al Sr Don Eduardo Casey, queda diez leguas mas afuera que este ofrecido en venta.

Con todos estos datos y las garantias de los vendedores respecto a la bondad del campo, este vale a no dudarlo **$120 la hectarea !!!** y con los 8 años de plazo sin interes vale 350 a 400,000 pesos la legua.

Los compradores firmaran pagares hipotecarios por los ocho plazos, entregando la octava parte al contado.

Proveninos a los interesados que desde hoy tendremos a su disposicion un plano indicando la posicion exacta del campo, para que quedan mandar revisarlo con tiempo.

¡¡¡ Verlo y comprarlo !!!

Una de las mejores fracciones de campo al Norte y distante 16 leguas unicamente de la Capital.

La calidad del campo es de lo mejor que existe en cuanto a la clase de pastos, pues es de lo mas aproposito no solo para ovejas, cabañas, invernadas, etc, sino para sementera de toda clase de grano, pues la proximidad a los dos puntos de embarque que son Zarate y Campana, los gastos de trasporte son infinitamente mas reducidos que de cualquier otro punto de la Provincia.

Se sabe ademas que el Gobierno Nacional tiene la idea de prolongar el ferro-carril a Campana, por medio de un ramal hasta Zarate, que aumentaria naturalmente el valor de este campo.

Tanto este partido como los colindantes son por la calidad de sus tierras y pastos, los mas preferidos por la colonia irlandesa que como se sabe es la que ha sabido darle el verdadero valor a nuestra tierra, destinandolos para la cria del ganado lanar, que los ha dado tan brillentes resultados y como dicen ellos muy bien que hay campos como por 200,000 pesos legua y baratos por millon y medio y dos millones pesos la legua.

Todo esto que antecede son hechos, que esta en la consideracion de los que saben lo que puede dar una propiedad en condiciones como esta y que ahora mismo puede arrendarse a razon de 200 ps cuadra al año, y que equivale a un interes de 14,20 p|c al año sobre la base de 1500 que se ha fijado para la venta.

La venta se hara en dos fracciones, a saber:
Lote num. 1—400 cuadras cuadradas.
" " 2—333 id id,

Pero en caso que hubiese interesados en nuevas Iracciones se podran hacer lotes al gusto de los licitadores.

Otra de las ventajas que no deben perderse de visto es la siguiente: el primer lote solo dista una legua escasa y el num. 2 media legua del pueblo Capilla del Señor.

Este campo es conocido y esta señalado en el Registro Grafico de Gonzales y sus linderos son al Este Echehon, al Oeste Enrique Bird, al Norte E. Collinglean y al Sud el vendedor.

Titulos de primer orden!

Remataremos a la mas alta postura, pasando la base arriba fijada y dinero de contado, por orden terminante de su dueño.

El campo arriba mensionado compuesto de dos leguas cuadradas mas o menos, ubicado en el Partido de Dolores, distante 7 leguas de la ciudad del mismo nombre, lindando con los valiosos Montes del Tordillo, Baldomero Diaz, Santiago Bello, Juan Lopez, escribano, y Simon Palomeque; esta marcado en el Registro Grafico de la Provincia, con el nombre de Juan A Diaz.

Es campo de superior calidad para ovejas, por las buenas cañadas que tiene, asi que en verano nunca faltan abundantes pastos.

El campo para mayor facilidad de los interesados, se ha dividido en 4 fracciones de media legua mas o menos; pero podria venderse en uno o dos lotes de una legua cada uno o sera entregado amojonado en las dos primeras casas, pues la mensura hace muy poco que fue hecho.

En cuanto a la base yue son $350,000, nada tenemos que decir; este campo a las puertas de la capital vale el doble y una vez practicada la nivelacion de la parte Sud de la Provincia, valdra 60 p|c mas.

Esta propiedad reconoce una hipoteca a favor del Banco Hipotecario por valor de $f.18,000 de los cuales hay amortizados $f.2,000 y con los cuales podia seguir el comprador si le conviene.

El actual propietario vende este campo por no poder atender dos establecimientos, queriendo dedicarle todo su atencion a otro de mas afuera.

Las personas que quieran ver el campo pueden dirigirse al Sr Victor Dardegnac (Hotel del Sud en Dolores) o a Don Angel Escudero en el puesto de B Sosa, en el campo de Baldomero Diaz, lindando con este.

The Trent's Mails.

London, Jan. 27th.

In the French Chamber yesterday the debate took place on the Bill for the revision of the Constitution. There was a large attendance of members, and the public galleries were crowded. After speeches from M. Legrand, M. Lockroy, and M. Fabre, the general debate was declared closed. An amendment of M. Barodet was then put proposing a revision of the Constitution in its entirety. This was rejected. M Gambetta then rose and defended his policy in a long and eloquent speech. Many of his arguments were received in silence by the House. Ultimately, the Revision Bill was rejected by 305 to 117 votes. M Gambetta shortly afterwards proceeded to the Elysee, and placed the resignations of himself and his colleagues in the hands of the President of the Republic.

General Forgemol has been appointed Commander-in-Chief of the French Expeditionary Corps in Tunis.

Our Brussels Correspondent telegraphs that after a sharp debate the Belgian Chamber yesterday voted the Commercial Treaty with France by 86 against 10 votes.

Our Berlin Correspondent says that Herr Puttkammer's remarks in the German Parliament on Wednesday respecting the dark clouds overhanging Europe, seem to refer more to Socialism and Nihilism than to any immediate troubles of a warlike character. The Government, he adds, is determined to crush out Socialism at all cost. It is expected that the German Parliament will adjourn to-day.

Yesterday the semi-official *Journal de St. Petersbourg* published an article approving the refusal of Prince Lubanoff to transmit to the Czar the English memorial on behalf of the Russian Jews.

Our New York Correspondent telegraphs that the conviction of Guiteau causes profound satisfaction. All the papers say it is in accord with the sentiment of the civilized world. The Judge's charge is warmly commended, and the promptness of the jury in arriving at their verdict, and their demeanour throughout the trial, are commented upon generally as the most creditable features of the case.

In consequence of the unsettled state of affairs in Basutoland the Cape Parliament is to meet on the 17th of March.

Last night there was a crowded meeting at Bristol in connection with the Junior Liberal Association, which was addressed by Mr Morley and Mr Fry, the members for the city, Mr George Palmer, M.P., and Mr Wills M.P.

An address has been issued by Mr Rowlandson, the Liberal candidate for the North Riding, in which he thanks his supporters. He says that although the result of the contest was unfavourable, the smallness of the majority indicates how keenly the battle has been fought, and what may be done with more perfect registration. He also thanks the leaders of the Liberal party who advocated his cause.

Lord Arthur Somerset, third son of the Duke of Beaufort, is named as the Conservative candidate for the representation of North Wiltshire in the room of Mr Sotheron-Estcourt, who has expressed his intention of not again seeking election.

Sir Hardinge Giffard, M.P. spoke yesterday at a Conservative gathering at Newport, in Monmouthshire. He adversely criticised the home and foreign policy of the present Administration, and advised the constituency to return a conservative member at the next election.

The Mansion House Fund for the Defence of Property in Ireland now amounts to £17,500, and the Irish Ladies' Distress Relief Fund to nearly £14,000.

No additional deaths are reported as a result of the fatal collision on the Great Northern Railway. The coroner's inquest will be opened to-morrow afternoon, and a Board of Trade inquiry will begin this morning.

Colonel Frank Bolton, the metropolitan water examiner, reports that the state of the Thames where the intake of six of the companies is situated, was bad during the whole of December. The same remark applies to the water in the Lea. All the companies are at present giving a constant supply, under the provisions of the Act of 1871, in some portion of their districts.

Temperature varied yesterday from 49 deg. at Valentia and 44 at Stornoway to 33 or 34 over the South-east of England. According to the report of the meteorological office, it is likely that the wind will increase considerably in force over the western and northern districts to-day.

The trial of Dr Abrath and Michael McMann on a charge of having conspired to defraud the North Eastern Railway Company was concluded at the Durham Assizes yesterday, when a verdict of acquittal was returned, the jury expressing an opinion that Dr Abrath left the court without a stain upon his character.

In a case heard in the Lord Mayor's Court yesterday, in which it was sought to recover the amount of a beanfeast dinner, the Recorder delivered a humorous address to the jury in the course of which he expressed an opinion that an architect would be wanting in his duty in preparing a plan for a city or west-end club if he did not place the kitchen as near to the banquetting-hall as he possibly could.

Yesterday at the half-yearly meeting of the Nat. Bank, Mr W Emmens, the chairman, referred to the fact that it was the first gathering of the shareholders since the incorporation of the undertaking under the Limited Liability Act. That change from unlimited liability had been received with marked approval, as was shown by the fact that the shareholders were increasing day by day. The good harvest of 1881 with which Ireland had been blessed was doubtless a cause of the decided improvement in the position of the bank.

Sir H W Tyler, M.P., in presiding at the first annual meeting of the Anglo-American Brush Electric Light Company, reviewed its position and glanced at its prospects. He attributed some of the failures which had occurred in their lamps to the inexperience of the workmen to whom their construction was entrusted, and in other instances to the faulty insulation of their cables.

The discount rate in the open market yesterday for three months' bills was 4½ per cent. £161,000 in gold was withdrawn from the Bank of England for Paris. In the stock markets prices were well supported till near the close, when Egyptian, Turkish, Spanish, home and Canadian railways declined, and showed a fall on balance of from ¼ to more than 1 per cent. American issues were exceptionally steady and higher. Consols left off at 99⅜ to 99⅞ for money, and 99 13-16 to 99 15-16 for the account.

An accident of an alarming character occurred last evening on the Midland Railway, between Manchester and Stockport. As the 8.40 train from the Central Station, Manchester, was approaching Chorlton-cum-Hardy, the passengers were startled by feeling the carriages jolt violently. The train was pulled up, and on the line being examined, it was found that a bridge crossing the railway had partially fallen down. One of the iron girders of which the bridge was composed had snapped in the middle, the two parts being in a slanting direction across the metals. A considerable quantity of brickwork had also fallen. The train went on to Chorlton station, where it arrived just in time to prevent an up train from proceeding. If the latter train had gone on a serious accident would probably have ensued, as the up line was the more seriously obstructed. The bridge was only two or three years old, having been built when the line was constructed. Both the up and down lines were blocked for some hours.

THE UNITED STATES.

CONVICTION OF GUITEAU

New York, Jan. 26th.

The conviction of Guiteau causes profound satisfaction. All the newspapers say that it is in accord with the sentiment of the civilized world. Judge Cox's charge is warmly commended. The promptness of the jury in reaching the verdict, and their bearing during the trial, are commented upon generally as the most creditable features of the case. The *Herald* says: "Never was a verdict more righteous and just; never did an infamous criminal more richly deserve to suffer the extreme penalty which Guiteau cannot escape." The *Times* says: 'The verdict dispels many misgivings and fears, and indicates in no small measure the intesgrity of American juries.' The *World* says: 'The verdict may be accepted in vindication of the American administration of justice, and in partial compensation for what every law-abiding American must deplore in the diminution of public respect for the ordinary tribunals of justice which this trial undoubtedly entailed." Concerning the motion for a new trial, the *Tribune* says: "There is fortunately not the slightest probability that the verdict will be set aside, and the country forced to witness a second performance of the wearisome and irritating melodrama. There is no perceptible ground for a new trial.' The *Tribune's* Washington Correspondent says: "The jury balloted twice; at first there were eleven for conviction and one blank. The juror voting blank wished to have it proved that Guiteau had said that the killing of Garfield would increase the sale of his book. This was proved and the next ballot showed twelve votes for guilty."

Judge Cox in his charge to the jury yesterday dealt thoroughly with the question of insanity, and to illustrate the difference between insane delusions and responsibility, referred to the English case of McNaughten, quoting passages from the opinions of the judges on that occasion. The judge said that the jury should not lose sight of the distinction between mental and moral obliquity, and in substance declared that, if the accused had the power to know that his act was wrong, the crime was simply murder. The jury came to an agreement ten minutes after they retired, and the verdict was received by the crowd in the court-room with uproarious approval. Guiteau shouted, 'God will avenge this outrage,' and as he was being led out added, "The Court in banc will reverse this business." He was jeered and hooted by the crowds assembled outside, and also while being driven back to the gaol in the prison van.

Mr. Scoville, Guiteau's counsel, is preparing an application for a new trial, which he will present on Saturday next. Judge Cox will assign a day early in next week for hearing the arguments. Guiteau, on entering the gaol last night, laughingly shouted, 'Well, boys, they have brought in a verdict against me, but I will get a new trial, and upset this business.' The prisoner slept soundly last night. It has transpired that the jury took two ballots—the first showed one blank, but in the second all voted 'Guilty.'

ROUGHING IT IN THE COLONIES.—There can be no doubt that a man has to put up with many little inconveniences when he sett es in a new country; some of them arising from 'the necessity of things,' whilst others are the result of his own want of knowledge or foresight. However, if he can secure pure water and good bread he will manage to get along tolerably well. Thanks to the advance of chemical science, this last desideratum is not so difficult to obtain as in times past, for with a good supply of BORWICK'S BAKING POWDER, even Robinson Crusoe himself might have produced the whitest and most palatable of bread, to say nothing of cakes and pastry *ad libitum*, and would doubtless have ended by opening a pastry-cook's shop upon his desert island. NOTA BENE.—Don't forget to ask your storekeeper to put up a good supply of this valuable article with your groceries. In packets, 1d, and 2d, ; boxes, 6d. and 1s. each. (a)
